EX-ANTE KOSTENAUSWEIS

Preliminary note

This ex-ante disclosure of costs is addressed to the customers of DenizBank AG in accordance with the requirements of Article 50 of Delegated Regulation (EU) 2017/565. The following is a summary of all costs and incidental costs charged by DenizBank AG or other parties for the provision of the investment services and / or ancillary services to the client (execution costs) as well as costs and incidental expenses associated with the conception and management of the financial instruments (product cost). This disclosure is for informational purposes only and is not legal advice nor should it be considered as such. The product and execution costs are settled with the transaction of the business.

Shares

Denizbank AG charges fees for the services rendered in the area of stock trading. In addition, fees may be incurred for third parties as well as for the place of execution or brokerage fees (see price list). The equities asset class includes equities, exchange-traded funds (ETFs), investment funds, certificates and warrants. In the event that bilateral legal agreements exist in which the fees deviate from the fees listed below, these legal agreements are obligatory.

Asset classes	Sub asset class	max. entrance fees in %	max. entrance fees on EUR 10.000,- calculated
Shares	Shares, warrants, Structured products	min. EUR 65 or 1,00%	100

When converting from / into foreign currency, additional payment transaction costs may be charged as part of the settlement of the transaction.

Bonds

Denizbank AG charges fees for the services rendered in the area of bond trading, which may include both current and initial costs.

In addition, fees may be incurred for third parties as well as for the place of execution or brokerage fees (see price list). In the event that bilateral legal agreements exist in which the fees deviate from the fees listed below, these legal agreements are obligatory.

Asset classes	Sub asset class	max. entrance fees in %	max. entrance fees on EUR 10.000,- calculated
Bonds	Sovereign- or corporate bonds	min. EUR 65,- or 0,75%	75

When converting from / into foreign currency, additional payment transaction costs may be charged as part of the settlement of the transaction.

OTC derivative transactions

The maximum product cost shown includes any costs included in the corresponding OTC derivative. It should be noted that the stated maximum product costs do not limit the payments to be made by the client or the bank during the contract, as these payments are made by the derivative shown in the contract and by the customer. Market risk can be determined. Thus, the maximum product cost in no way represents the maximum possible loss from the customer's perspective from the underlying derivative transaction. The product costs for an individual derivative transaction are the specific type of derivative, the term, the currency, the rating of the customer and the market data and traded volume. Depending on the transaction and may vary from the fees listed below. If costs arise in the event of a premature termination, these can

only be determined at the time of termination and would be disclosed in the same. Possible losses incurred by the customer are not a price component and are excluded.

Asset classes	Sub asset class	max. entrance fees in %	max. entrance fees on EUR 10.000,- calculated
OTC derivative	FX derivative	0,50 %	50
	Interest derivative	0,50 %	50
	FX and Interest- Cross Currency Swap	0,50%	50
